

## Mrs. Lee Rankin Dies Thursday

Had Reached Age of 98; Funeral Saturday

Death came to Mrs. Julia Ann Rankin, widow of Attorney Lee Rankin, at her home at 441 East Street, Thursday at 3:30 A. M. She had been in ill health for the past eight years and her condition had been serious for the last two months.

Mrs. Rankin was nearing a century of life having reached the age of 98 at the time of her death. In the nearly five score years of life she had seen many marvelous changes in her country and in her home community.

Born and reared in Ross County she came to Fayette County as a girl at the age of 12. For many years she was a resident of the western part of this county, but had lived in Washington, C. H. for 54 years. Her husband, Lee Rankin, who practiced law in this city for a long period, passed away in 1929. Her only son, Judge Harry M. Rankin, died in April of 1953.

She is survived by a daughter, Mrs. William Kitchen, a grandson, Attorney Richard Rankin and three great-grandchildren.

Mrs. Rankin was a member of the Methodist Church and in her early years was active in various church and other organizations. Funeral services are to be held at the Gerstner Funeral Home Saturday at 3 P. M. Rev. W. S. Alexander will be in charge of the service.

Friends may call at the late residence of the deceased after 7 P. M. tonight (Thursday) until Friday at 5 P. M. After that, from 7 P. M. Friday until the hour of the funeral service at 3 P. M. Saturday, they may call at the Gerstner Funeral Home.

Burial is to be made on the family lot beside her late husband in the Washington Cemetery.

## Salvation Army Run Postponed 2 Weeks

The Salvation Army driver was unable to make his usual weekly collection run this week, according to Mrs. W. E. Roberts, who has charge of collections here.

The driver is ill, she said, and will not return until Thursday, Aug. 26. Mrs. Roberts added that persons wanting to donate anything to the Salvation Army should not telephone her before the week of the collection.

## Yule Decorations

(Continued from Page One)  
stored for use year after year. It is to be 12 feet by 8 feet and 5 feet high. A new angel to go above the stable also is to be ordered.

Gilbert Crouse, the president of the Retail Merchants Committee, presided at the meeting.

While the Christmas decorations took up most of the attention, the retailers did take time to discuss the Dollar Days put on here last Friday and Saturday. The consensus was that they were among the best, if not the best, ever put on here.

They also went over plans for the back-to-school part of the year's overall program. The retailers reported that they have stocked up on things the young people will need for school and that they will be out for their selection next week.

## Prices Are Cut On Chuck Roasts

Vegetables Available In Wide Variety Now

By The Associated Press  
Chuck roast at prices ranging from four to 19 cents a pound below last week will be the favorite feature in the nation's food stores this weekend.

And if you're looking for a change in pace, check your local market's price on smoked ham. Numerous stores plan to advertise that item at lower prices.

Meat men point to several other good buys for Sunday dinner—leg of lamb will be down a couple of cents a pound in many cities, there'll be lots of specials on fryers and roasting chickens, and legs and rumps of veal will be on the bargain counter again.

Prime ribs will be spotlighted by some stores at reductions of two to four cents a pound, but in most areas price tags will remain the same as last week. Reflecting rising wholesale prices, pork chops will be a bit higher in many outlets.

Beef went up slightly at wholesale this week, but there seems to be no likelihood of a sharp rise ahead. Supplies will be large for the rest of the year, says the U. S. Department of Agriculture.

Eggs will be cheaper in most sections of the country.

Once again you'll find your best buys in vegetables among the wide variety grown in areas near your city. Produce men consider cabbage, cucumbers, beans, beets, corn and small peppers especially worthwhile. Also good buys, they say, are potatoes, onions, eggplant, tomatoes, romaine and western lettuce, cauliflower and celery.

Bananas will be featured by many markets this weekend. Cantaloupes and honeydew melons continue to sell at reasonable prices and Persian and Casaba melons are a bit lower than they have been.

## Funeral Is Held For Mrs. Shankle

Funeral services for Mrs. Mary McCoy Shankle were held Wednesday at 2 P. M. at the Kirkpatrick Funeral Home.

The reading of Scripture, offering of prayer and remarks were by Rev. Clinton Swengel.

The many floral pieces were carried for by the pallbearers: Dr. Paul Craig, Harold Craig, Harold McLean, Ray Maynard, Arthur Strouse and Lawrence McCoy.

Interment was in the family lot at the Washington C. H. Cemetery.

## Supplements For Sunburst Are Ready Now

The supplements for the Sunburst, the Washington C. H. High School annual, are now here and will be distributed Monday, Tuesday and Wednesday of next week, the co-editors-in-chief, Jeri Ann Boylan and Jo Davis, have announced.

The supplements are all bought and paid for by the students and others who got the Sunburst—they have to do now is come to the high school (North Street entrance) and get them.

The editors-in-chief said members of the Sunburst staff would be at a table in the main corridor at the head of the steps with the supplements from 9 A. M. until 11:30 A. M. each of those three days.

The eight-page supplement contains pictures and reports of the activities of last spring—the junior class play, the FFA banquet, the band concert, a class night dance, senior assembly, Junior-Senior prom, senior breakfast, the commencement, National Honor Society induction service, student-faculty basketball game, baseball team and the track team.

Because the staff wanted to distribute the Sunburst at the end of school, it was necessary to get the copy to the printer before some of the year-end events took place.

It was to get these into the Sunburst to make it complete that the supplement was put out.

Before they built a powered airplane, the Wright brothers experimented with gliders, one of which remained in the air almost 10 minutes.

## We're Closer To Universal Military Training

If it is still true—and there seems to be no reason to doubt it—that private construction of new buildings is a symbol of faith in the nation's future, there should be universal rejoicing over the record of the building industry during the first six months of 1954. In that period new spending marks were set for the construction of homes, offices, stores and other types of commercial buildings.

The over-all record is the more impressive because the federal government itself, usually a heavy spender, cut its erection of military facilities sharply. As it was, \$16,600,000,000 was expended for new construction by individuals, public utilities, private concerns, and states. This is an increase of two percent over the amount spent during the first six months of 1953.

We may be closer to universal military training among the youth of our nation, than most of us realize.

With cold wars and threatened upheavals in evidence in various parts of the world, and many leaders of nations deeply concerned about what may happen in the next few years, there are a great many people in the United States, who formerly opposed military training for all young men, who are beginning to indicate that they believe some such step is necessary.

In this nation's second "return to normalcy" following world wars in as many generations, Americans rejected Universal Military Training in the late 40s. This despite its advocacy by patriotic and veteran organizations, manpower planners,

military planners, and many distinguished Americans.

Today there is a growing feeling we face dire peril in the world for a third time. The status of the nation's greatest resource, its manpower, is dubious. Another broad military manpower plan is proposed. It would provide for military duty for "all qualified young men," followed by compulsory service in a new reserve.

This is a sweeping new approach to Universal Military Training. Despite the possibility of flaws in details, Americans will ignore this plan at great risk.

The danger is Americans will in all likelihood not have time to mobilize for world war III according to a World War I or II timetable, for lack of durable allies, the development of the H-bomb, and many other reasons.

### Investment Need

At the amazing rate our population is growing, it's estimated that the nation's work force will increase by 22 million between now and 1975.

That means a million new jobs a year. Since it takes an average of \$12,000 to provide a job for just one industrial worker, the demand for investment capital to pay for new plant and equipment will be tremendous.

We must have, therefore, the kind of economy which will free, not impede, an ever-increasing amount of money for investment in industry, from the earnings and savings of the American people—or we'll fail to realize a glorious potential.

## \$4,500 Parlayed Into \$30 Million

By Hal Boyle

NEW YORK (AP)—"It takes a damn good man to owe a million dollars," said Eugene T. Barwick.

It takes a pretty good fellow to go on from there and earn a million dollars, too. On both counts Gene Barwick is quite a guy.

Now only 40, Barwick in five years has parlayed \$4,500 cash into a 30-million-dollar yearly business in tufted carpets. This has given him a reputation of being one of the top boy wonders of industry.

While some rug manufacturers were using their product to deaden the sound of their own falling tears, Gene has built his carpeting firm to a point where it is now the fifth largest in the world.

"But we believe there is room for a 100-million-dollar-a-year business in tufted rugs and carpeting," he said, "and we are willing to be the first."

Barwick figures he can do this if he can make wall-to-wall carpeting customary in the American home, and if he can mass produce carpets cheaply enough so that a housewife will feel she can afford to change them every time she changes her draperies.

Small tufted cotton rugs boomed during the war period, but many manufacturers thought housewives no longer would buy

them when wool was more plentiful.

"They liquidated," said Barwick, "and they were wrong."

In 1948, Gene, who had served as a naval lieutenant in the Aleutians during the war, quit his job with a Chicago mail order firm. He had been buying its carpeting for years and felt he knew the kind women wanted—inexpensive but durable.

"I met a bedspread manufacturer who had gone broke for \$70,000," he said. "And I taught him how to make tufted cotton carpets."

"I had only \$4,500. I invested \$2,500 in a latex-coating machine that would keep the carpets from skidding. Then I took to the road and the other \$2,000 went into selling expenses. Did it work? It had to work."

It worked so well that in mid-1950 the firm was doing a three-million-dollar business. The partner, deciding no good thing lasts forever, sold out to Barwick.

Gene kept right on expanding, venting into debt developing new and more efficient machinery. Now he has five plants in Georgia, machines that can turn out a 9-by-10-foot tufted cotton, nylon or rayon carpet every 29 seconds. Weavers from Scotland and England come to study his new techniques.

"The worst thing a fellow can

do is to worry about being exposed," said Barwick. "Why watch a parade if you can be in it? And if you get in it, you might as well try to lead it. But you have to remember—it takes a damn good man to owe a million dollars."

Gene has an honest enjoyment in his success, his fine home in Atlanta, his three children. He likes to golf, too, but last year he traveled 140,000 miles himself selling his carpeting — although he has 30 salesmen on the job.

"I believe I talked to four times as many rug buyers and dealers as any other mill executive in the country," he said. "Any man ought to work hard if he owns his own business. That's what is wrong with too many businesses today—they are run by professional managers who don't even own stock in their own concerns."

Barwick, who once played end at the University of North Carolina and still looks like he could get down the field under a long pass, flies about in his own plane.

"Riding in a pushed-up airplane gives me the same kick some men used to get out of having a private railroad car," he said, smiling.

"I call my plane 'The Remnant'—because any good carpet man knows his profits are tied up in remnants."

## Ho Chi Minh No Mystery Man

By George Sokolsky

The new figures which emerge in so many places these days upon our consciousness and into history were not born yesterday. To understand them it is necessary to search out their pasts; their ideas as students; their political associations; their training. Only then can we understand who it is with whom we deal because the mature man is only an older boy.

For instance, I have never been able to understand General George Marshall's lack of knowledge of Chinese personalities since he was in Tientsin, as the executive officer of the 15th Infantry, from 1924-27 when he was a lieutenant colonel. This was the period of the union between the Kuomintang and the Communists, leading to the split during Christmas week of 1926-27. These were years of revolution, of civil warfare; of the marching of troops and of protective measures taken by foreign troops, including the 15th Infantry. The United States sent additional Marines to protect American lives and property under General Smedley Butler and some were stationed in Tientsin and nearby Peking. The original leader of the Chinese Communists was Chen Tu-shu who was replaced by Chu Teh and Mao Tse-tung and Li Lih-san. Surely, General Marshall, when he was in Tientsin, read at least the local newspapers printed in English, which gave full accounts of these events. Chou En-lai, when he was in China in those years, lived in Tientsin.

Similarly, it is astonishing that

Ho Chi Minh is made out to be a man of mystery. In those same years, that is between 1924-27, he spent considerable time with the Chinese Communists in Canton and in the drive northward. His original name was Nguyen Ai Quoc and he is an Annamite. Since boyhood he has been a revolutionist, spending many years abroad in China, England and France. He actually joined the Communist Party in Paris, and was sent to Moscow in 1923 for an indoctrination course which is essential for all Communists who are to become leaders in their own countries. He was, for a time, in 1924, employed in the Soviet consulate in Boston, a position which is to be explained by the fact that many important Communists are citizens not only of their own countries but of Soviet Russia as well. Most of the years between 1924 and 1930, he spent in Asia, principally China and Siam, working for the revolution.

The Viet Minh movement, which Ho Chi Minh heads, started as a united front operation designed to bring together all elements in Indochina, conservative, liberal, and Communists in an anti-French effort to end colonialism. It was naturally popular, as the French have always been disliked in Indochina, and received support from many anti-Communist elements. Few realized, at first, that it was a Communist movement, directed by the Third International, and that Ho had been especially trained for it.

With such a history, it is difficult to understand why the United States Office of Strategic Services employed Ho Chi Minh as an agent. The OSS was designed to establish a super-intelligence agency to provide our government with correct information on all subjects. How could Ho Chi Minh provide correct information when he was an agent of Soviet Russia, who had worked for the Kremlin in France, the United States, China and Siam and who had been especially prepared to establish and lead the Communist revolution in In-

dochina? The OSS has been accused of having been infiltrated by Communists and the CIA has been accused of retaining too many OSS employees.

It is still not too late to study what the OSS actually did during its short existence and to find the reason why Communists were employed by it. General Mark Clark might go into that. Particularly, it would be of some interest to know why such a character as Ho Chi Minh, with a revolutionary history since 1910 when he was 18 years old, was employed by the United States. General "Wild Bill" Donovan may have an explanation and the American people ought to have it.

Instead of fewer Congressional investigations, we ought to have more of them because it is essential for the American people to know why, when we thought we had won a war in 1945, we know in 1954 that we lost it. Why?

## Diet and Health

Emotion Is Cause Of False Pregnancy

By HERMAN N. BUNDESEN  
Cessation of menstruation does not necessarily mean that woman is going through change of life or is pregnant.

Many young women seeking pregnancy may cease menstruation and actually develop many of the symptoms of pregnancy without actually being pregnant. They may have the nausea, the vomiting, the frequency of urination and still not be pregnant.

### Many Tests

Physicians can test for pregnancy in a variety of ways. They have used mice, rabbits and various forms of toads and frogs. The frog and rabbit methods are the tests most commonly used now.

A new type of test is now being tried out which does not use any animals at all but works on the sympathetic nervous system of the body. This is the one that controls the essentials of life, the activities of the intestines, the heart and the blood vessels.

### Use of Drugs

Certain drugs can affect a part of this second nervous system of the body.

One of these is known as stigmonene. When used as a stimulant, it can initiate menstruation in women who are not pregnant.

### Timing Important

Of course this must occur at the time of the menstrual cycle when menstruation would normally take place. It does not work where there is a hormone deficiency or during the menstrual irregularities of menopause. However, when menstruation has been delayed because of fear, or strong desire for pregnancy, stigmonene has been quite successful in starting the flow.

## The Nation Today

By JAMES MARLOW

WASHINGTON (AP)—It is up to President Eisenhower now to sign into law, and he probably will, the bill just passed by Congress to guarantee balking witnesses immunity to federal prosecution if they answer questions about subversion.

This measure, if it becomes law, almost certainly will have a stormy history and perhaps a sensational one. It will be fought in the courts as unconstitutional. If it works, it may lead to startling disclosures about communism.

The bill goes like this:

1. It is aimed mainly at Communists, past or present. Immunity can be given only to witnesses in cases involving conspiracy to overthrow the government, treason, spying, and sedition. Immunity cannot be given for any other kind of offense.

2. A witness can't get immunity for the asking. He must first refuse to testify by invoking the Fifth Amendment, which says a man can't be compelled to say anything which might incriminate him.

3. The immunity can be given only to a Fifth Amendment witness appearing before a congressional committee, a federal grand jury or a federal court and only if his testimony is important.

4. The immunity can't be granted at all unless two-thirds of the full committee before which he has been called votes to give it to him. Once the committee approves, then —

5. The committee itself can't grant the immunity. It must ask a federal judge to do so. The attorney general has no veto even though he objects, perhaps because he had been preparing to bring the witness to trial soon.

Once the witness gets immunity he cannot thereafter be prosecuted in federal court for any federal crime in relation to which he answers questions.

6. But, once given immunity, the witness must answer questions. If he spurns the immunity, insisting that under the Fifth Amendment he still doesn't have to answer questions, he can be cited for contempt of Congress, tried, and, if convicted, jailed.

7. The procedure is slightly different when a Fifth Amendment witness refuses to answer questions before a federal grand jury or in federal court. In that case

## Ohio Bureau of Investigation Proposed by Senate Candidate

Reed M. Winegardner, Washington C. H. attorney and candidate for the state Senate of this fifth-sixth district, thinks Ohio should have a "highly trained and highly effective corps of law enforcement officers with statewide jurisdiction" to supplement the present law enforcement system.

This view was expressed today in a letter to the Record-Herald and with it he made a promise: "If I am elected state senator, I will see that a bill is offered in the next session of the state Legislature for the creation of an Ohio Bureau of Investigation."

Winegardner, a Democrat, is

a U.S. District Attorney, with the approval of his boss, the Attorney General, may ask a federal judge to grant immunity. If the witness still prefers the Fifth Amendment to immunity, he can be cited for contempt of court, tried, and, if found guilty, jailed.

This is where the trouble will arise: The new law says only that the witness could never be prosecuted by the federal government for any federal crime related to his testimony.

It does not say the same witness could not be prosecuted in a state court. For example: suppose he admitted committing a federal crime and a state had a law making the same offense a state crime, too.

The state couldn't use his federal testimony in a state court trial. The Supreme Court has ruled on that.

But could the state use his federal testimony as a lead on which to gather evidence on which to try him in a state court? There's no answer. And there won't be until the Supreme Court some day gives a decision on it.

The first Supreme Court test might come the first time a witness received immunity from a federal judge but kept silent under the Fifth Amendment and was jailed for contempt. He could argue:

This new legislation was an attempt to get around the Fifth Amendment's protection and even destroy it by forcing a man to testify against himself and against his will.

seeking the seat which has been held by Sen. Lowell Fess, a Yellow Springs Republican, and which he is seeking to retain.

Winegardner has run for several state offices in the past, but for none of them did he make the serious campaign that he is making for Sen. Fess' Senate seat.

It has become apparent that he has no intention of losing out for lack of effort or because the voters go to the polls without ever having heard of him; neither has he any intention of letting the voters say they never were told by him what he stands for or what his objectives are.

ONLY ABOUT a month ago, Winegardner grabbed the spotlight and a lot of printers' ink with a proposal that many of the state departments now located in the capital city be dispersed to other locations. By coincidence, the proposed relocation sites all were in the counties of the fifth-sixth district which he wants to represent in the state Senate.

Fayette County, under Winegardner's proposal, would get the agricultural and mechanical college from Ohio State University.

Politicians, while admitting his suggestions were not impractical in themselves, commented that it took a lot of political courage to make them. Many of them had come up before, but they always were dropped like hot political potatoes.

Winegardner said, and in all seriousness, that more than one person had told him confidentially that his proposals had merit, but added that, from a political point of view, they had little chance of being carried out.

However, Winegardner just grinned and said he would keep on plugging; his proposal for an Ohio Bureau of Investigation (OBI) was right along that line.

WHEN HE MADE it he said: "Ohio is past the horse and buggy days of law enforcement. . . and should have a corps of officers who can step in, when criminals cross county lines or when local law enforcement officers ask them for help." He contended that an OBI would "keep pace with the rapidly changing conditions of criminal

tactics and law enforcement."

He said: "We should pattern such a supplemental law enforcement agency after the Federal Bureau of Investigation and express the belief that members of the proposed OBI be career men in crime detection and police work."

Winegardner would head the OBI with a director who would be appointed by the governor for a term of possibly ten years.

He would limit the work of the OBI to felonies and then only if the crime or flight involved two or more counties. Exceptions to these restrictions would be when called into a case by the sheriff of a county or the mayor or police chief of a municipality.

"There are too many unsolved crimes of major importance at the present time. The need to be solved," Winegardner said and suggested that the Ohio Bureau of Investigation that he has proposed is the way to get it done.

### Witness Immunity Bill Sent To Ike

WASHINGTON (AP)—The Senate has passed and sent to the White House a House-passed bill to allow the granting of immunity from federal prosecution to witnesses whose testimony is desired in investigations of subversive activity.

The measure is a new version of one which the Senate had passed last year over objections of the late Sen. Robert A. Taft (R-Ohio).

LOS ANGELES (AP)—An ex-Marine who can't sit down now has an auto he can operate standing up.

The car was delivered yesterday to Kenneth Porter, 35, a Phoenix, Ariz., tax consultant. As a result of a war wound he is rigid from neck to knees, and does his work at an elbow-height desk. He eats standing up, and gets into bed with the aid of a hoist.

Porter bought a parcel delivery chassis some months ago, and ordered an air-conditioned body with special rear-view mirrors, a driving platform and a built-in bed. The vehicle has automatic shift, power steering and power brakes. All controls are hand operated.

The Aluminum Body Corp.,

builders of the body, made Porter a present of an elevator that gets him in and out of his auto. A radio for the car was presented by the AFL United Auto Workers.

## Off on an Hour's Vacation!

To be honest with you, we're not certain where he's going. He may be journeying to a branch office of his corporation . . . or he may be heading home for the day . . . or he may just be taking his afternoon "constitutional" behind the wheel.

But one thing we know for certain. He's about to embark on a little vacation. And for its length, it will be one of the most wonderful interludes a man could hope to enjoy.

For he's about to spend an hour in his 1954 Cadillac—and here, beyond any question, is the perfect remedy for a trying day.

It will bring him physical relaxation—for his Cadillac is so comfortable and luxurious that merely to sit in the driver's seat is to rest. And the car handles and steers with such complete effortless that every mile is a tonic for the body.

It will bring him mental refreshment—for the car is such a joy to drive and ride in that a man seems al-

most automatically to leave his cares at the curbside.

And it will bring him renewed enthusiasm and interest—for every moment a man spends with his Cadillac serves as a stimulating reminder of his past accomplishments—and acts as a wonderful inspiration for planning and thinking out the future.

All this, of course, is the very essence of Cadillac value. All cars offer transportation—and varying degrees of satisfaction. But it remains for Cadillac to provide a definite therapeutic for the mind and body of a work-weary man.

In this glorious respect, there are simply two types of cars: Cadillacs and all the others.

Come in sometime—when life has grown stale with the toil of the day—and take an hour's vacation in a 1954 Cadillac.

It will be the most refreshing sixty minutes you ever spent on the highway—and we'll be delighted to provide the car at any time!

## Miss McDonald Is Complimented At Lovely Event

Miss Elizabeth McDonald of Indianapolis, Indiana, who is at her home on South North Street for a visit, entertained at a lovely evening party honoring her niece, Miss Mary McDonald, whose marriage to Mr. Jerry Meadows will be an event of Saturday, August 14.

The guests included close friends of the bride-elect, with the game of Canasta providing pleasant diversion during the evening and at the close of play, attractive awards were presented to Miss Patricia Boso, who was the holder of high score, Miss Jean Ann Boylan, second and Miss Glenna Parks, third.

Miss McDonald also received a lovely gift from her aunt.

The refreshment table in the dining room was attractively appointed and had a centerpiece of white flowers flanked by tall white candles to which miniature white wedding bells were attached and the ice cream molds of wedding bells and slippers were served with individual cakes iced in white, with rosebud mints adding a gay touch of color.

Mrs. A. B. McDonald, mother of the honor guest, presided over the silver coffee service and a sister, Mrs. Frank Weade, served the punch, with Miss Margaret McDonald also assisting in the hospitalities.

Invited guests included, in addition to Mrs. McDonald and Mrs. Weade, were: Miss Jean Ann Boylan, Miss Patricia Boso, Miss Glenna Parks, Mrs. Clyde McCray, Jr., Miss Robert Haines, Mrs. John Burr, Miss Barbara Barger, Miss Janet Parrett, Miss Rosann Helrich, Miss Sandra Griffith, Miss Emily Schlue, Miss Nancy Kimme, all of this community and Mrs. Jesse Persinger of Amarilla, Texas.

Beat a cold jellied soup lightly with a fork before serving, then spoon into serving cups or other soup dishes. Garnish with slices of cucumber sprinkled with parsley or chives.

## Bankruptcy Ruling Goes Against Bank

CLEVELAND — A federal bankruptcy referee ruled yesterday that \$95,000 realized from auction sales of corn pickers should go to creditors of the bankrupt General Implement Corp. The referee ruled against the Fairfield National Bank of Lancaster, Ohio, which had claimed the money as security on loans made to the defunct corporation. William B. Woods, the referee, held the bank failed to prove its claim over that of other creditors. The company had sold

agricultural implements nationally before it went out of business in 1949.

## Friends of The Land To Aid Problems of Those Seeking Small Acreage

The number of people who have moved out beyond the corporation line in Washington C. H. and even some from the incorporated villages of the county, to homes "in the country" with small acreage attached, is far larger than the average citizen here would guess. Some have moved to a considerable distance beyond corporation lines, really into the rural districts, where they have bought from three to eight or 10 acres of ground and put up a home to suit their convenience with enough ground for a good sized garden, some with enough ground to do a minor job of farming on a small scale.

OTHERS HAVE moved just beyond city and village limits where they enjoy most of the privileges of town or city life but who feel that they like "country" living better than residing in a city; sometimes they feel that they are saving money this way and maybe they are.

What is happening in this locality is reported to be very general over the country. More particularly is this true in some of the larger and more congested city regions, where moving beyond the corporation limits of a city, sometimes into a suburban village, has great appeal for many a family.

A lot of these families however have faced some new problems, especially as to the use of their newly acquired land.

This problem is being recognized by the organization known as Friends of the Land, which has a substantial membership in Fayette County.

DR. JONATHAN Forman of Columbus, president of this organization, who has been a visitor to Fayette County on several occasions and is well known to many people of this region, has announced that the organization is sponsoring a course of lectures, on-the-spot demonstrations and question and answer periods which may prove of great value in demonstrating to those who have moved onto small acreage that they will greatly benefit by not taking what extra acreage they have acquired, out of production.

The dates set for the start of this program is September 1 to 4. The place, Lake Bloomington, near Bloomington and Normal, Illinois.

Normal State University is to act as host with business and civic organizations of that area cooperating to make this gathering as helpful and informative as possible.

Ralph Penn who is prominently identified with Friends of the Land, and who is very active in this organization in this community, states that any Washington C. H. or Fayette County people who are interested, may obtain detailed programs through him or by writing to Friends of the Land, R.F.D. 3, Zanesville, Ohio.

Friends of the Land is a national society that stands for the improvement of the productivity of soils on a permanent basis. The Society attempts, therefore, to create an awareness in the minds of citizens of the importance to them of the wise use of soil and water for the benefit of man. It attempts to provide a forum for all points and shades of opinion on controversial topics to the end that the

people themselves shall form their own opinions and take proper action.

IT IS NATURAL that Friends of the Land should concern itself with what the fifteen million city dwellers who have moved to suburban or rural small holdings over the nation in the last few years are going to do with their land.

Millions of acres on the fringe of towns and cities throughout our nation are now occupied by 3-10 15-acre homesteads. Here in Ohio, more than a half million acres of such homesteads are reported. There is more than one hopeful sign in this migration, but the best is that these people have moved to the country to raise a family. Here is where the future leaders of the nation will come from. It

is the segment of our population with the greatest increase in birth rate.

"Friends of the Land, it should be emphasized," says Dr. Jonathan Forman of Columbus, president, "are not extolling the esthetic values of country living; nor are they recommending migration to rural areas as a health measure. There are many people, who, by training, education, and temperament, are totally unfit to attempt living in the country. Anyone who is thinking about moving to the country should analyze themselves and the rest of their family most carefully to determine whether such a move would be fitting."

FRIENDS OF the Land is holding its first annual meeting on rural living for non-farm folks. This meeting has aptly been designated by them as "HOME ACRES CLINICS." This will consist of a series of five discussions of the major problems encountered by those who live on small holdings in the country, by a panel of four authorities in all five fields. Then during the daytime those who attend will be taken out into the field by means of buses and there they will meet members of the

Brandel said difficulty in hiring staff doctors has prevented the hospital from opening previously.

CINCINNATI (P)—Three employees of the Norfolk & Western Railroad have filed suits in U. S. District Court here against the railroad for \$100,000 each. The three were injured in accidents.

Albert Patrick of Sciotoville, a car inspector, claimed he was injured when he fell from a pile of steel plates in the Detroit Steel mill yard in New Boston Oct. 23, 1953. George H. Hall, also of Sciotoville, a carman's helper, declared

# World Church Group's Unity Strained By Row Over Reds

EDITOR'S NOTE: Here is the third of four articles on the Assembly of the World Council of Churches, starting in Evanston, Ill., next Sunday, termed by some churchmen the most important religious event since the Reformation.

By GEORGE W. CORNELL  
EVANSTON, Ill. (P)—Churchmen from the East and the West headed today for a religious arena which is charged with tensions—both religious and political.

The gathering is in the cause of Christianity.

But around this central purpose swirls a haze of doubts and discords that could result in frustration of the meeting—the Assembly of the World Council of Churches here, starting Sunday for two weeks.

"There are dangers, but there also are hopes," said Dr. G. K. A. Bell, Britain's Bishop of Chichester and chairman of the council's Central Committee.

"The danger in a great body of churches meeting in a time of so much strain, antagonism and hostility is that some may seek to reflect their own political and national points of view."

"But there is hope that they will all come together in a mood to submit various experiences and insights, even ideologies, to the mastership and judgment of Christ."

Although the council faces a host of touchy social and religious questions, probably the most explosive is the relationship of Christianity and communism, and the presence of delegates from Communist countries.

At least 18 churchmen from Red-ruled lands—8 from East Germany and 5 each from Hungary and Czechoslovakia—will be among the 1,500 representatives. Others from Poland and Yugoslavia also may attend.

"Communist collaborationists" is the label applied to them by Rep. Alvin M. Bentley (R-Mich.), who says he will hold hearings simultaneously with the assembly to show their "false pretenses."

He said they are "servants of world communism who masquerade as men of God."

Others, including two Midwestern American Legion posts, also have denounced admission of the delegates. Daniel A. Poling, editor of the Christian Herald, called them "puppets of atheistic communism," and said:

"Evanston must declare communism antireligious, anti-Christ and utterly antagonistic to everything for which the church should stand, or Evanston will divide the American Protestant community."

However, none of the 161 Orthodox, Old Catholic, Anglican and Protestant denominations in 45 countries belonging to the council

have opposed representation of the Iron Curtain churches.

Dr. W. A. Vissert Hoof, the council's general secretary, said some of us may disagree with positions taken by Iron Curtain churchmen, but council membership is based solely on a "spiritual criterion"—recognition of Christ as divine Lord and Savior.

He added it is "terribly important for this movement to keep in touch with the churches" behind the Iron Curtain, and so "everything we can to strengthen the links with Christians in those countries."

Secretary of State John Foster Dulles, who as a church leader clashed with Iron Curtain delegates at the council's founding as-

sembly six years ago at Amsterdam before he entered the government, backed their admission now.

The State Department made detailed inquiries before approving the visas. It said the importance of the meeting to worldwide Christianity was so great the government should not bar anyone legally admissible.

This implied none were found to be Communists or Fascists, who are barred under the McCarran Act.

Dr. O. Frederick Nolde, chairman of the council's International Relations Commission, called the decision a "clear demonstration of our belief in religious freedom," which would hearten people under totalitarian rule.

Most vociferous attack on admitting the Iron Curtain churchmen has come from the Rev. Carl McIntire of Collingswood, N. J., head of a small faction of fundamentalists called the International Council of Christian Churches.

Describing the delegates as "agents of the Kremlin," he has urged a wave of rallies, resolutions, speeches, advertisements, letters and demonstrations to protest their coming.

## All Sick Pay Now Exempted From Federal Income Taxes

EDITOR'S NOTE: This is the ninth in a series of articles explaining how the new tax revision act affects individuals.

By CHARLES F. BARRETT  
WASHINGTON (P)—Many millions of additional workers are now eligible for tax-exemption on wages received while they are sick.

And more liberal rules have been adopted for taxing other employee sickness of accident benefits, death benefits, and lump-sum payments under pension, profit or stock-sharing plans.

All these rules are spelled out in the huge tax revision act recently passed by Congress. They apply to such employee benefits received after last Dec. 31, if they are financed by employers under any systematic plan.

If you are covered by such a plan, perhaps the most important thing to remember is this:

If your pay is continued while you are off work because of sickness or injury, you pay no tax on wages of up to \$100 a week after the first seven days of the sickness or injury.

Further, you pay no tax on wages up to \$100 during the first seven days if your absence is due to accidental injury, or if you are hospitalized at any time during an illness.

Thus, for example, if you make \$100 a week or more and you are out three weeks with an injury or hospital illness, you can deduct \$300 from your taxable income. Even at the minimum 20 per cent tax rate, that would be a tax saving of \$60 for you.

If you are sick but don't go to a hospital, your wages for two of the three weeks still would be tax-free, for a tax cut of at least \$40.

Here are other important benefits:

You pay no tax on payments which reimburse you for actual medical expenses paid by you or your dependents. Like sick leave wages, these payments simply are not counted as income.

Similarly you pay no tax on payments to you for the loss of limb or other part of the body, or for permanent disfigurement.

Under the old tax law, some employees got these tax-free benefits and some didn't. Generally, if your employer had a commercial insurance contract to cover his sick and accident benefits, they were tax-exempt. But if the employer financed them himself—as many do, especially for sick leave

pay—the benefits were fully taxable.

The new law wipes out what its sponsors called an unjust discrimination.

There is no limit on the sick-pay exemption. If you are out for six months, for example, you could get up to \$2,600 in tax-free wages and save at least \$520 in taxes.

If an employer pays part of the cost of a sick or accident benefit plan, he pays no tax on the benefits for which he pays. The rules above would apply to that part of benefits financed by his employer.

The new act takes a similar step toward death benefits. Payments of up to \$5,000 to beneficiaries could be tax exempt under the old law—but only if the employer was bound by contract to pay the benefit. The new act grants the exemption whether the benefit is paid under contract or not.

The new act also extends the \$5,000 exemption to lump-sum death payments under qualified pension, profit-sharing or stock-bonus plans. Under the old law, such payments were not exempt if the employee while living had a benefit right

which could not be forfeited to anyone else.

One old provision is tightened, however. Any one employee is entitled to only one \$5,000 death benefit exemption. In the past, a man working for several firms could get a \$5,000 tax-free benefit from each firm.

There is one more change affecting benefits paid because of separation from service under pension, profit-sharing or stock bonus plans. Under the old law, lump-sum payments under these plans were taxed as ordinary income if the employer bought a commercial

insurance contract to cover them. If the employer financed the plan through a trust fund, the benefits were taxed at the capital gain rate, which usually was lower than the regular income tax. The new law extends the capital gain rate even to insured plans.

Moreover, under the old law, if you died after retirement, the lump-sum payoff to your beneficiaries was always taxed as ordinary income. Now this lump-sum payment can be taxed as a capital gain.

Moore Surges From Behind To TKO Johnson

'Called Shot' Floors Fast-Punching, Solid Challenger In 14th

NEW YORK (AP)—A spectacular "called shot" technical knockout over able Harold Johnson in the 14th round added luster to light heavyweight champion Archie Moore's great record today.

Now the 37½-year-old fistic marvel will seek to fatten his bankroll with a Sept. 23 title fight in Omaha against either Joey Maxim or Jimmy Slade.

Maxim, beaten three out of three by the magnificent Moore, appears more likely to get the payday. His wily manager, Jack (Doc) Kearns will meet sometime today with Charley Johnston, Moore's manager, and members of the Omaha Centennial Committee to talk turkey.

After stopping the fast-punching, solidly built Johnson in a dramatic come-from-behind fashion for his 19th straight victory, Moore said he'd like to fight either heavy-weight champion Rocky Marciano or Don Cockell, the British heavy-weight king.

Manager Johnston, a realistic soul, said "Marciano has that Sept. 15 title fight with Ezzard Charles and I know Cockell doesn't want any part of Archie. We want the dough and they're offering Archie \$100,000 to fight in Omaha. We're ready."

Johnston told him to go out and "get" Johnson in the 14th.

"I'll knock him out in this round," Johnston said Moore told him. He did in just 56 seconds.

The crouching champion tore after his tiring rival, staggered him with a right to the chin, and then rained blows on his sagging rival. Johnson fell on his back in his own corner.

The Philadelphia Negro clambered up at six but his legs were rubbery. Referee Ruby Goldstein stepped in and stopped the slaughter.

Although Moore was trailing going into the 14th, (two of the three officials had him behind), the 175-pound ruler said he had no doubts about the outcome.

Johnson decked Moore in the 10th with a right behind the ear. If the fight had been a ten rounder Harold would have won. All three officials had him ahead then. Goldstein had it 5-3-2. Judge Bert Grant 5-4-1 and Judge Arthur Adala, 7-3.

Cincy Wallops 5 Homers To Down Cubs, 8-1

CINCINNATI (AP)—The Cincinnati Reds didn't get a lot of hits last night but no one could complain about the mileage on the nine safe blows they accumulated.

Five of nine hits soared over the fence for home runs as the Reds walloped the Chicago Cubs, 8-1.

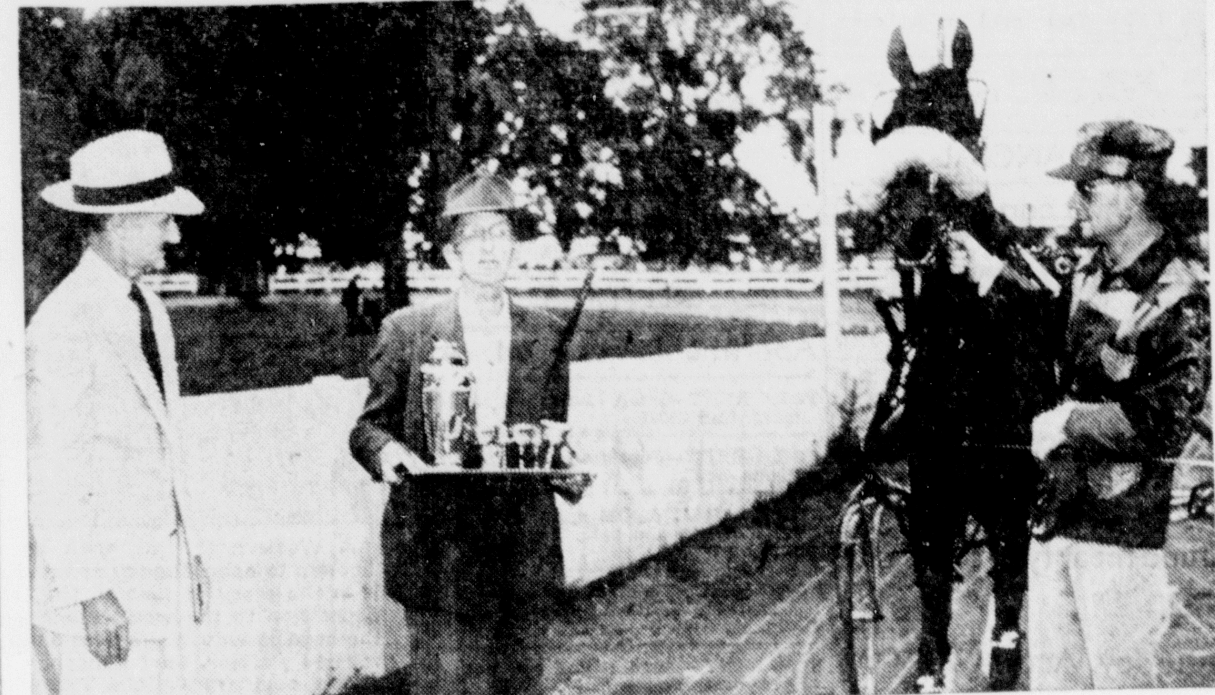

Ted Kluszewski and Jim Green-grass each got two home runs and Ed Bailey one. Kluszewski's wallops boosted his home run total to 31 while Greengrass increased his to 20.

All the home runs were solo affairs and they had accounted for a 5-0 Cincinnati lead before the Rhinelanders ever seemed to figure there are other ways to score. Warren Hacker, Cubs' starter, yielded all the clouds.

Art Fowler didn't walk a man, had a shutout until the ninth when the Bruins used three singles and a sacrifice fly to score their only run.

Swimming, baseball and a water show were on the schedule today for 151 boys signing in for the 17th running of the All American Soap-box Derby at the Akron airport Sunday. Tomorrow the boys will try out their cars on Derby Downs Hill.

Fayette County Colt Wins Stake

T. B. MCCOY, OF WASHINGTON C. H., (center), accepted the Zimmerman's Restaurant trophy Wednesday afternoon at the Clinton County Fair after his colt, Sunset Bay, won the three-year-old colts stake. Driven by Eddie Boyer, Sunset Bay equalled his two-year-old mark of 2:06.4 in the second heat. Lester Allen, (left) presented the trophy. This same colt was second in the two-year-old race of the Ohio Colt Racing Association here last year. (News-Journal photo)

Flashy Offense Bucks Solid Defense As All-Stars Collide

SPRINGFIELD, Ohio (AP)—Tomorrow night's ninth annual Ohio High School North-South All-Star football game looks like another case of an irresistible force banging into an immovable object.

The Northern squad, coached by Jim Robinson of Canton Lehman, will field a starting backfield which scored 52 touchdowns, 4 field goals and 79 extra points for a 403 total last fall.

In addition, the quarterback passed for 13 other touchdowns and 2 extra points.

That talented array will meet a

defense set up by New Philadelphia's Bill Kidd, whose team last fall allowed only one touchdown in nine games. The all-star squads will meet before a capacity crowd of some 13,500.

Of the previous eight games, the South won four, lost three and tied one although outscored 122 points to 102. The teams wound up heavy practices yesterday and will go through signal drills the rest of the way.

Although unlimited substitutions are permitted under Ohio high school rules, Coach Robinson said nine of his Northerners would play on both offense and defense while seven of Kidd's Rebels will go both ways.

In the specialty department, Ron Whitcomb of Fremont Ross and Jim Letzavitz, a Massillon left-footer, will do the punting for the North. Fullback Jack Nichols of Canton Lehman and end Martin Testa of Akron St. Vincent and fullback Dave Kuenzli of Upper Sandusky will do the place kicking; the passing will be done by Dean Nicholson, 6-foot, 9-inch quarterback from Lisbon and Ray Beerman of Toledo DeWitt; Nichols and Testa will divide the kickoff chores.

For the South, Bill Stevens of Marietta and Dick McDonald of Middletown, another left-footer, will divide the punting. Del Thatcher of Cambridge and Stan Johnson of Springfield will kick off and the extra points will be booted by Thatcher and Bob Rizer of Springfield Catholic. Charles Kessler of Linden McKinley and Phil Collins of Cincinnati Roger Bacon are the passers.

The North starting backfield will have Nicholson at quarterback, Nichols at fullback and Whitcomb at halfback along with Glen Davis, the Barborton flash who recently won the state high school track meet all by himself.

Herb Moford threw a four-hitter at Indianapolis last night and enabled the Columbus Red Birds to beat the American Association leaders for only the third time in 15 games, 6-3.

'Youngsters' Given Chance At Tam Money

CHICAGO (AP)—For the first time in a dozen years, golf's younger set is given a good chance to crash through the so-called old guard and cash in on the richest tournament in history—the "world" championship opening today at Tam O'Shanter.

Only the more hard-bitten pros have come through in the past. With \$50,000 in cash and a \$50,000 exhibition contract going to the winner, favoritism rests with such seasoned campaigners as Sam Snead, Cary Middlecoff, Lloyd Mangrum, Jimmy Demaret, Peter Cooper and the recent All-American winner, Jerry Barber. All are over 40 or pushing it.

But at least three youngsters are not too awed by the big prize. They are British Open Champion Peter Thomson of Melbourne and Gene Littler, each barely 24, and 27-year-old Bob Toski, now registering from Livingston, N. J.

The Ohio Valley Athletic Club of Clermont County will sponsor an all-star basketball game Aug. 20 at Memorial Fieldhouse in Huntington, W. Va. Several top former high school basketball players will be featured including Owen Lawson of Middletown, Ohio, and Brian Hayes of Oak Hill, Ohio.

Women Golfers Here in Tourney

Ladies Day Parade Led by Mrs. Buxton

The field in the women's championship and flight golf tournaments now in full swing at the Country Club here has been just about cut in half by the orderly elimination process. The next matches must be played by Aug. 18.

In matches up to now, Mrs. Charles Buxton beat Mrs. H. F. Schlue 6 and 5; Mrs. Wayne Shobe beat Mrs. J. E. Dabe 3 and 1; Mrs. John Petty beat Mrs. Roger Littleton; Mrs. James Martin beat Mrs. Dwight Coffman by default; Mrs. Mary Gillespie beat Mrs. Robert Green by default; Mrs. Dick Hankins beat Mrs. Bob Link 6 up; Mrs. Ralph Bray beat Mrs. Sam Parrett 6 and 5; Mrs. Vollette 3 and 2; Mrs. Paul Pennington beat Mrs. Marvin Roszmann by default and Mrs. J. O. Garring beat Mrs. Howard Osborne by default.

The turnout for the weekly Wednesday ladies day of golf and sociability was a little below par, principally because several of the regulars were in Lancaster for the Women's Invitational Tournament.

Mrs. Charles Buxton took top honors of Wednesday morning's golf here with a net score of 41. Mrs. H. F. Schlue was close behind in second place with 43.

Mrs. Joseph Herbert took the fewest putts when she negotiated the nine holes with only 16 strokes on the greens. Four others tied for second place with 17 putts; they were Mrs. Elmer Reed, Mrs. Ralph Bray, Mrs. Merle Boyle and Mrs. William Hastings.

Net scores turned in were Mrs. Reed 54; Mrs. Don Lange 44; Mrs. Ed Vollette 48; Mrs. Bob Link 44; Mrs. William Junk 44; Mrs. Joseph Herbert 50; Mrs. J. O. Garring 47; Mrs. Hastings 46 and Miss Kathleen Davis 50.

Massillon, hometown of Coach Paul E. Brown, mastermind of professional football's Cleveland Browns, prepared today to welcome the Browns to Tiger Stadium for an intersquad game Saturday night.

Poor Outlook Reported For Ohio Anglers

COLUMBUS, Ohio (AP)—The State Division of Wildlife reports Ohio's general fishing outlook for the coming weekend is poor.

The outlook by sections:  
NORTHWEST—St. Mary's Lake is roily and low, but fishing the past week has been fair. East Harbor is at normal level, and some large-mouth bass, bluegills and crappies have been caught. The streams of Auglaize and Henry counties are muddy and high, but fishing is above average.

NORTHEAST—Walleye fishing has been fair in Pleasant Hill, Charles Mill, Clearfork and the Portage lakes. Nice catches of sheepshead and catfish have been reported in Lake Erie.  
Prospects for perch, bluegills and largemouth bass are good at Aquila and Punderson lakes. Carp are running in Charles Mill, Beaver Reservoir and Guilford Lake. Fishing is poor in Lake Milton.

EAST CENTRAL, SOUTHEAST—Good catches of largemouth bass, crappies, catfish and bluegills have been reported in Willis Creek. Fishing at Atwood and Leesville lakes is good. The outlook is poor in most other lakes and streams.

CENTRAL, SOUTHERN—Fishing is fair in roily Buckeye Lake. Jackson and Rocky Fork lakes are clear and fair catches of bass are being made. Fishing is good in Kokosing River, and conditions in other streams range from poor to good.

SOUTHWEST—Fishing is good in Grant, Hosterman and Cowan lakes, with nice catches of largemouth bass, bluegills, crappies and catfish. Stream fishing is also reported good in Butler, Darke and Montgomery counties.

President Ulysses S. Grant looked upon golf as good exercise, but he asked "what's the little white ball for?"

New Jersey Golfer Lefties' Big Hope

DAYTON (AP)—David Baldwin, 25-year-old New Jersey Open champion, may be the man the nation's lefthanded golfers have been seeking ever since the game was imported to this country.

The South Orange, N. J., champ was in the finals of the National Lefthanders' annual championship tournament here today. His foe in the 36-hole battle over the 6,723-yard, par 71 layout is Don Wearley of Toledo.

There never has been a national golf champion among the lefthanders. Now that Baldwin has the New Jersey title, many lefties hope he wins their own tournament and then takes the national amateur at Detroit later this month.

Indianapolis Gal Tri-State Titlist

CINCINNATI (AP)—Jane Nelson of Indianapolis, a former Indiana state champion, was the only golfer able to break par yesterday as she won the seventh annual Women's Tri-State tournament with a 75.

Miss Nelson's score, registered on nine-hole counts of 38-37, was three strokes under women's par of 39-39—78 for the Maketewah Country Club's 6,549-yard course. Miss Nelson, runnerup here last year in the Women's Western Amateur, finished three strokes out in front of Mrs. Bert Craig, who rallied from a three-over par seven on the first hole, to finish with a par 78.

Macks May Sell To Philly Group

PHILADELPHIA (AP)—Home-grown offers to buy the Philadelphia Athletics ball club appeared today to have the inside track in the maneuvering designed to end the 54-year-old regime of the Mack family.

But there is still nothing definite that either the home town offers or the proposal from Chicagoan Arnold Johnson will be accepted by the Macks involved—Connie Mack Sr., and his two warring sons, Earle and Roy.

The Macks and the other two members of the board of directors, Eastern League President Thomas H. Richardson and Gordon Burlingame, put off any definite stand on the future of the financially shaky franchise yesterday after two reportedly uproarious sessions.

## Drivers Share Both Dents And Names

HORSEHEADS, N. Y. (P)—Three cars collided at an intersection yesterday and the drivers found they had more in common than dented fenders.

Police identified the motorists as Mrs. Margaret Robinson, Ralph L. Robinson and Clifton G. Robinson. They were not related.

## AFL Takes Aim At Legislature

CLEVELAND (P)—More than 90 resolutions come under study by 750 delegates to the Ohio State Federation of Labor's annual meeting here.

Some of the resolutions will be aimed at the Ohio Legislature. Federation officers said in their report yesterday that the General Assembly has weakened the state's unemployment insurance law by

amendments whittling down the eligibility of beneficiaries.

U. S. Rep. Michael A. Feighan, Cleveland Democrat, in a convention speech yesterday, said there were "strong indications" that the Republican administration "has just about swallowed the peaceful co-existence promoted by the Communist criminals in Moscow."

## New FBI Agent

CLEVELAND (P)—H. O. Hawkins, 44, arrived in Cleveland yesterday to assume duties as special agent-in-charge of Federal Bureau of Investigation activities in northern Ohio. Hawkins, who has been in charge of the FBI's Atlanta office since last November, replaces Norman H. McCabe, who transferred to Philadelphia.

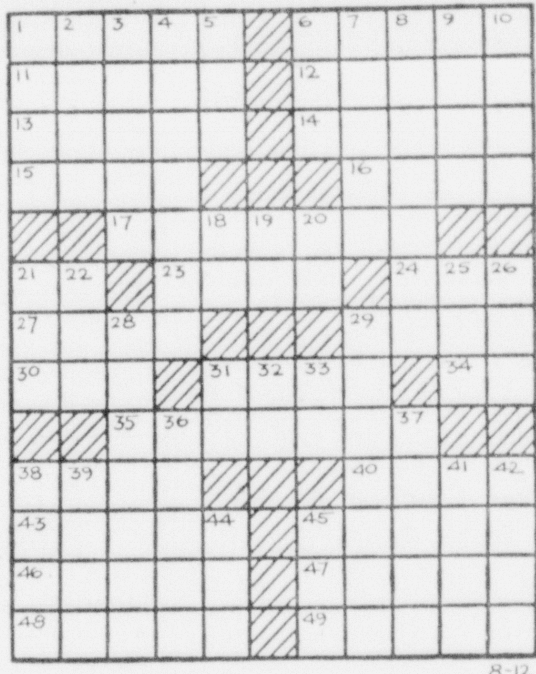

Although most diseases kill more men than women, exceptions are cancer, diabetes, some forms of goiter and gallstones.

## Plaque Placed On Old Home of Rev. John King

Descendants Come From Coast to Coast For Reunion Here

Near the door of a quaint old long, low little house on the Staunton-Sugar Grove Road there is today a heavy plaque that keynotes an important part of the story of the settlement of Fayette County.

"Rev. John King, 1786-1868, the Father of Methodism in Fayette Co., commemorating his life and service. In 1829, in his home on this farm, the first Methodist class was formed and he became its leader."

Following the dedication of the plaque, James M. King, president of the King family organization, expressed appreciation to Elmer F. Armbrust, present owner of the farm, for his assurance that the little old house would be preserved by him for posterity.

The unveiling of the plaque was one of the highlights of the King family reunion this year.

From the Atlantic and the Pacific, from the Great Lakes to the Gulf of Mexico, came the descendants of Rev. John King to the gathering in the Sugar Grove Methodist Church on the Greenfield pike. There were approximately 120 there; they had come by plane, train and automobile. Many of the relatives were of the fourth and fifth generations.

FROM THE greatest distance came Mr. and Mrs. Sheldon Cook and their son from Tacoma, Wash.; Mr. and Mrs. Addison (Kathryn King) Dixon and their children from Dearborn, Mich.; Mrs. Effie Proud Phillips and Mrs. Mildred King Pammel of Oregon, Mo.; Mrs. Loraine Trotwood Botkin of High Point, Mo.; Mrs. William J. King of Annapolis, Md., and her grandson, Richard William Ogden of Norfolk, Va.; Fred W. King and Paul Bennett King of New Orleans; Mrs. Jess D. Burr and Mrs. Goldie Rea of Miami, Fla., and Mrs. James Thomas and her daughter of Norfolk, Va.

Orchids were given to Mrs. (Cina King) Wilson, 89, and Mrs. Melissa (Toddhunter) Wain, 92, the only remaining of the Rev. John King's 79 grandchildren. Mrs. Wain was unable to attend the reunion, so the orchid was presented to her at her home in Washington, D. C. An orchid was also given to Mrs. Minnie Sturgeon, 89 (widow of William Sturgeon), who has lived in the community and been active in the Sugar Grove Church all her life. She was a schoolmate of Mrs. Cina (King) Wilson.

Following dinner in the basement of the church, there was a program in the sanctuary. James M. King of Columbus, the King organization president, welcomed the descendants of the soldier and pioneer farmer and minister and gave some of the highlights of his life.

He told the gathering that John King came to Ohio in 1802, before Ohio was admitted to the Union as a state; that he farmed first in Highland County and had a sugar camp in Ross County before he settled down on the banks of Sugar Creek in what is now the Sugar Grove community of Fayette County.

Addison Dixon, head of the music department of the Dearborn, Mich., schools, sang several solos. Mrs. Dixon (Kathryn King) played the accompaniment.

REBECCA YOUNG and Robert Grossman of the dramatic arts department of Capital University, Columbus, presented a dialog, "How Well I Remember," in which they portrayed Rev. John King and his wife, Rachael. They talked of their romance and marriage in 1808, the shoes he made for her, the cabin he built and the furniture he made for it; their settlement in Fayette County in 1814. When they came to the marriage of John and Rachael King, Rev. Fred A. Huston, pastor of the United Presbyterian Church in Columbus, read the old marriage rite.

Robert F. King, vice president of the organization, offered a prayer of thanks for the heritage of the King family.

At the conclusion of the program the group went about a half mile down the Staunton-Sugar Grove Road to the unveiling of the plaque. Rev. Eugene Frazer, the present pastor of the church, delivered an address commemorating life and work of Rev. John King in the community.

The afternoon drew to a close with a tour through the old homestead and the home of Rev. Wil-

liam King on the Greenfield Pike near Wabash Creek now owned by Mr. and Mrs. M. Grove Davis.

## Courts

### MUNICIPAL COURT

Three civil actions were filed in municipal court Wednesday against Kenneth L. Pitzer and Ralph Merritt, of Kenny's Furniture Co., Washington C. H. Plaintiffs were the Washington News Publishing Co., the Interstate Upholstery Co. of Huntington, W. Va., and J. H. Streetman of the Streetman Novelty Furniture Co., Lexington, N. C. All were for money owed.

Orus Montgomery of Monty's Service Station filed five suits for money. Defendants are Billy Wolfe, Lorraine Penwell, O. M. Salyers, Walter Cooper and Kenneth A. Brookover. The plaintiff and all the defendants are of this city.

### CHURCH TO SELL LAND

The trustees of the Mt. Olive Methodist Church have petitioned Common Pleas Court for permission to sell a right-of-way and easement to the state. A small tract on route 22 and county road 67 is involved. The state offers \$100.

### MARRIAGE LICENSE

Sherrill Lee Smith, 18, Sabina trucker and Virginia Lee Gilmore, 20, Washington C. H. clerk.

## Tax Distribution

(Continued From Page One) amount turned over for educational purposes is also in the distribution as well as for miscellaneous purposes.

County Auditor Ulric Acton, in commenting upon the report, said that it would be surprising to most people to learn how much money came back to the county for these various purposes from state and federal governments.

"However," Acton continued, "Fayette County is in the low bracket of Ohio counties in the amount received from the state and federal governments because of its relatively small population compared to most other counties."

The breakdown of the distribution of funds showing the source and purpose of the money distributed in Fayette County for the state of Ohio, also the similar breakdown from the federal government directly, are shown in the table in the adjoining column.

### Theft of \$30 Reported By Neff Gas Station

Neff's Service Station reported a theft of \$30 to police Thursday. The money had been kept in a money bag in the office.

It was counted on Tuesday, and the amount was found correct, police were told. When it was counted again at 11 P. M. Wednesday, about \$30 was missing.

Police are investigating.

## Auditor Mails Checks To All Subdivisions

Fourth Distribution Made From Local Government Fund

Checks were sent out this week from the office of County Auditor Ulric Acton to various subdivisions of the county, covering distribution of local government funds made available by the recent tax collection on intangible property from financial institutions to the amount of \$37,055.33, and from sales tax to the amount of \$5,857.18, a total of \$42,912.51.

The checks covered the following amounts to the county, the city of Washington C. H., incorporated villages and the townships:

County \$16,680.09; Washington C. H. \$17,662.79; Jeffersonville \$2,081.26; Bloomingburg \$1,433.28; Milledgeville \$459.16; Octa \$304.68; Concord Township \$429.12; Green Township \$429.12; Jasper Township \$429.12; Jefferson Township \$429.12; Madison Township \$429.12; Marion Township \$429.12; Paint Township \$429.12; Perry Township \$429.12; Union Township \$429.12; Wayne Township \$429.12.

This was the fourth distribution of the year from the local government fund, but the former payments were not as large. Money is distributed at regular periods as soon as it becomes available.

County Auditor Acton says that it is now known just how much in total will be sent to each subdivision from the local government fund for this year, each subdivision receiving a percentage on the basis of its need.

He listed the total amounts to be received for the year as follows: city of Washington C. H., \$30,263.53; county, \$28,579.78; Jeffersonville corporation, \$3,566.04; Bloomingburg, \$2,455.79; Milledgeville, \$786.73; Octa, \$522.04; townships of the county (combined) \$7,352.66.

### Fred Larkin Dies In Greenfield

Fred Larkin, 64, of Greenfield, died Wednesday at 7 P. M. in University Hospital in Columbus. He had been ill for several months.

He had retired from farming in the Greenfield community a year ago.

He is survived by his wife; a daughter, Mrs. Rube Raredon of Fairborn; two sisters, Mrs. Guy Roberts and Mrs. Denny Heath, both of Washington C. H.; and by several nieces and a nephew in this community.

Funeral services will be held at the Walker Funeral Home in Greenfield at 2 P. M. Friday. Burial will be in the family lot in Greenfield Cemetery.

### Mrs. Evans Dies In Jamestown

Mrs. Lucy Huston Evans, 79, wife of John A. Evans, died at her home in Jamestown Wednesday after a long illness.

She had been a resident of Jeffersonville and Jamestown for most of her life.

In addition to her husband, John, survivors are a daughter, Mrs. Julia Torbett of Jeffersonville, and three sons, Huston Evans of Jamestown, Marlin Evans of Jeffersonville and Keith Evans of South Solon.

She is also survived by a brother, Lester Huston of South Charleston, and four sisters, Mrs. Effie Pruesch of Springfield, Mrs. Mary Smith of Centerville, Mrs. Bertha Goetz of Binghamton, N. Y. and Mrs. Georgia Glass of Dayton.

Friends may call at the Sprague Funeral Home in South Charleston until shortly before the funeral services, which are to be held at 2 P. M. Saturday in the Church of Christ in Pleasant View. Mrs. Evans was a life member of that church.

Burial will be at Fairview Cemetery in Jeffersonville.

### City Has Right

(Continued From Page One) 000 expansion and improvement program for the water system is completed. The exclusion of the fire hydrants from the rate increase was the stumbling block; the water company has insisted

that the fire hydrant rates be raised too.

Now that Council has taken the first preliminary steps toward eventual municipal ownership, several councilmen have said privately that they are all for going ahead with the plans for buying the property, regardless of future developments in the rate controversy.

### Driver Clocked At 80 On State Route 62

One speeder picked up by the State Highway Patrol on State route 62 was clocked at 80 miles an hour. He was Jessie McGee of Cincinnati.

City police also nabbed John E. Mock of Amlin for traveling 43 in a 35-mph zone.

## Red Union Purge Fight Starts

Ike's Backers Head Into Controversy

WASHINGTON — The Senate today defeated a move to sidetrack one of the Administration's anti-Communist bills—a measure with the avowed aim of ridding labor unions of Red influences.

It rejected 57-31 a proposal by Sen. Magnuson (D-Wash.) that instead of a 12-member commission be set up to study the whole problem and report its findings by Jan. 15.

It was offered as a substitute for a bill by Sen. Butler (R-Md.) to deny collective bargaining rights to labor unions found by the Subversive Activities Control Board to be "Communist infiltrated."

BUTLER TOLD the Senate last night that "the attorney general approves this bill" and Senate Republican leader Knowland of California told newsmen the administration is supporting it.

The measure is along the lines of a bill Atty. Gen. Brownell had asked, providing for the dissolution of Communist-infiltrated labor unions and business firms, as part

of the administration's anti-Communist program.

The House Judiciary Committee shelved the measure Brownell requested, along with another measure he proposed to let employers bar suspected subversives from defense plants in times of emergency.

In doing so, it approved a bill to set up a study commission with instructions to report back to the next Congress.
